*Truly Fungible for All transactions*  
via the B\*E\*A\*N\*S Debit Card

COMING SOON:  
LIBERTY BEANS  
CRYPTO-CURRENCY

An alternative to the intrinsically worthless, unregistered, meme coins issued by order of Donald Trump, primarily to pad his own pocket, the B\*E\*A\*N\*S Coin is being issued to further the work of Defending Liberty & Defeating Tyranny. Along with the like-named debit card, the current value of B\*E\*A\*N\*S holdings will be fungible to dollars, for any transaction use that accepts debit cards w/o first cashing in one's coin holdings; and the full purchase prices paid during the coin offerings will be tax-deductable.
